This is a skilled mechanic position responsible for completing basic repairs to motor vehicles and equipment such as passenger vehicles, trucks (including vans, pickups, and environmental services equipment), grounds maintenance equipment (including tractors, lawn mowers, snow removal equipment) and tools and equipment for a county agency or department. Work is performed independently or with a repair team under limited supervision. The employee reports directly to, and works under the general supervision of, a Senior Automotive Mechanic or other higher level staff member for non-routine, difficult, or costly repair work. Lead supervision may be exercised over Laborers or other staff assigned to assist with workload. Does related work as required.

*Journeyman-level experience refers to skilled mechanical work which involves maintenance, repair, and rebuilding of all systems: brakes, suspension, cooling, exhaust, electrical, transmission, and engine of vehicle equipment.

Where education is below the minimum specified, additional experience may be substituted on a year-for-year basis.
