**Description of Duties:**

This is a supervisory position in a fire district responsible for planning, organizing, and managing the personnel, stations, equipment and emergencies for their assigned battalions and shifts. Duties include commanding and directing emergency scenes either independently or until arrival of superior officers, assisting in determining long-range goals and objectives, preparing and monitoring service area budgets, and directing or conducting special studies and projects. Work is performed in accordance with the policies and objectives outlined by the Board of Fire Commissioners and/or Fire Chief. This position differs from Fire Captain by virtue of having a broader scope of managerial, fiscal, policy and decision-making responsibility and acting as the commanding officer at fire scenes. This position differs from Assistant Fire Chief by virtue of performing more technical duties versus administrative and assuming responsibility for directing the operation of emergency service delivery at fire/emergency incidents for a particular shift. The employee reports directly to, and works under the general supervision of a Fire Chief with wide leeway allowed for independent judgment while responding to emergency situations. General supervision is exercised over Fire Captains.

**Scope of Examination:**

The **written, multiple-choice test** will cover knowledge, skills and/or abilities in such areas as:

**Educating and interacting with the public**

These questions test for knowledge of techniques used to interact effectively with individuals and/or community groups, to educate or inform them about topics of concern, to publicize or clarify agency programs or policies, to negotiate conflicts or resolve complaints, and to represent one's agency or program in a manner in keeping with good public relations practices. Questions may also cover interacting with others in cooperative efforts of public outreach or service.

**Preparing written material**

These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

**Fire administration job simulation exercise**

This job simulation exercise tests for the ability to develop and maintain fire department programs and activities. The questions will be based on a simulated set of administrative issues that a Chief Officer may be asked to analyze and respond to in a working day. The questions cover such areas as organizational relationships, planning, staffing, managing resources, budgeting, public relations, rules and regulations, and political and social concerns impacting the fire service.

**Fire emergency job simulation exercise**

This job simulation exercise tests for the ability to manage an emergency incident. The emphasis is on command-level actions and decisions in handling the incident from start to finish. The questions will cover such areas as principles and tactics of firefighting, accountability at a fire scene, hazardous materials, cause investigation, emergency medical care, community relations, and the incident command system, including interacting with other agencies and the media.

**Administrative supervision**

These questions test for knowledge of the principles and practices involved in directing the activities of a large subordinate staff, including subordinate supervisors. Questions relate to the personal interactions between an upper level supervisor and his/her subordinate supervisors in the accomplishment of objectives. These questions cover such areas as assigning work to and coordinating the activities of several units, establishing and guiding staff development programs, evaluating the performance of subordinate supervisors, and maintaining relationships with other organizational sections.

**Calculators and Reference Materials:**

Most civil service written tests do not require the use of a calculator or slide rule. However, the use of calculators is **ALLOWED** for this exam. Candidates have the option of bringing a hand-held, quiet, battery or solar-powered arithmetic calculator or a slide rule to the test room. Candidates will not be permitted to use calculators containing spell check, dictionary, language translator, address or telephone book, personal digital assistants, or typewriter keyboard features, or any similar devices. You may not bring books or other reference materials.

This written examination is being prepared and rated in accordance with Section 23(2) of the Civil Service Law.
