The results of this exam may be used to fill vacancies, which may occur during the life of the eligible list.

An open-competitive exam is also being offered for qualified applicants.

Minimum Qualifications:

Candidates must be permanently employed in the competitive class in the **Monroe County Department of Public Health** and must have served continuously on a permanent basis for **twelve (12) months** holding the position of **Nutritionist II** immediately preceding the date of the written test.

Any person, otherwise meeting the requirements for an examination, who was laid off from an agency for which the examination is being held, and whose name is presently on a preferred list is eligible to compete in the examination. When completing the application, such person should be sure to indicate his/her present employment and/or the title and location of his/her last permanent employment in the municipality.

Description of Duties:

This is a professional position in the Monroe County Public Health Department responsible for leading and participating in implementing, monitoring, and evaluating a public education program to promote good nutrition among socio-economically disadvantaged women and their infants and children. This position differs from the lower, Nutritionist II, by its expanded responsibility for oversight and leadership of public education programs. The employee reports directly to and works under the general supervision of a higher-level staff member. General supervision is exercised over a subordinate staff.

Scope of Examination:

The **written, multiple-choice test** will cover knowledge, skills and/or abilities in such areas as:

Educating and interacting with the public

These questions test for knowledge of techniques used to interact effectively with individuals and/or community groups, to educate or inform them about topics of concern, to publicize or clarify agency programs or policies, to negotiate conflicts or resolve complaints, and to represent one's agency or program in a manner in keeping with good public relations practices. Questions may also cover interacting with others in cooperative efforts of public outreach or service.

Preparing written material

These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

Basic nutrition and dietetics

These questions test for knowledge of basic nutrition and dietetics, including such areas as the nutritional value of foods, nutritional needs of client populations, balanced diets, foods and their relationship to health, and food purchasing and preparation.

Providing services to women, infants and children

These questions test for knowledge of the special needs of the WIC program service population. Topics may include maternal and pediatric nutrition; breastfeeding and its relationship to the health, nutrition, and development of the infant; and common nutritional problems of low-income women, infants, and children up to age 5.

Supervision and training

These questions test for the knowledge required by a supervisor to set goals, plan and organize work, train workers in how to do their jobs, and direct workers towards meeting established goals. The supervisory questions cover such areas as assigning and reviewing work, evaluating performance, maintaining work quality, motivating employees, increasing efficiency, and dealing with problems that may arise on the job. The training questions cover such areas as determining the necessity for training, selecting appropriate training methods, and evaluating the effectiveness of training.

Calculators and Reference Materials:

Most civil service written tests do not require the use of a calculator or slide rule. However, the use of calculators is **ALLOWED** for this exam. Candidates have the option of bringing a hand-held, quiet, battery or solar-powered arithmetic calculator or a slide rule to the test room. Candidates will not be permitted to use calculators containing spell check, dictionary, language translator, address or telephone book, personal digital assistants, or typewriter keyboard features, or any similar devices.
